University Phone Number

Describe the Purpose of Your Request:

What is your level of familiarity/experience with SQL Queries and Relational Databases?

None

Beginner

Intermediate

Expert

## Confidentiality Agreement and User Signature:

---

I understand and agree that the information/data I have been authorized to access is considered confidential. Under no circumstances will such information available to me be used, conveyed or discussed by me, unless required in the performance of my duties. I am also responsible for ensuring that any systems used to store the requested data comply with University of Toronto's policies and procedures of preserving the integrity and confidentiality of official records. Failure to comply with these requirements may result in denial of access and other disciplinary action.

I understand and accept the Confidentiality Agreement
